Dear Foremanites:

The 1953 FOREMANUAL! Each of us will turn its pages many times "just for the pleasure of remembering." Each of us will enjoy again the classes, the club activities, the games, and the social events, but, most of all, the friends of this year at Foreman.

My very best wishes to each of you in the years ahead!

Sincerely yours,

*Eileen C. Stack*

# MR. HARRY P. McHALE

ASSISTANT PRINCIPAL

Our genial assistant principal, Mr. Harry P. McHale, has many friends among the faculty and students at Foreman. In assuming his many responsibilities, which include the program organization, the Activity Calendar, the Social Center, and the annual Alumni Reunion he has shown his fondness for young people and their many interests. His lasting faith in them has often contributed to their feeling of well being and success. Students are always glad to know and to work with their friendly advisor, Mr. Harry P. McHale.

## FACULTY

## IT'S GOOD TO TALK THINGS OVER

The freedom of the student soon becomes the freedom of the teacher. Mr. McHale, who has long been known for his ability to let the products of everyone be seen here, holds a friendly conversation with Mary Norton, Lois Schutt and Russell Barger. **FOURMAN** All staff members. Some activities are important and knowing this, Miss Stack meets with the class presidents, Michael Schutt and Russell Barger, to make schedules for the events. Other photographs in this page were taken at one of our monthly faculty meetings and teas. At this particular session held in November, 27 our guest speakers were Mr. Fred J. Director of the Bureau of Child Study, Miss Abigail Stankovsk and Mrs. Rose Marie Psychologists.

To Live and Learn  
Was our Chief Concern

# NOW IS THE TIME FOR LEARNING

OPPOSITE PAGE

**CHEMISTRY . . .** The various aspects of chemical analysis concern George Bachar and William Heyden, who are preparing a solution of hydrochloric acid. Kent Arnold and Corinne Keller lend their assistance in measuring materials to carry on their experimental work in their chemistry class.

**FOODS . . .** An important problem of running a good cooking class is to have a well-equipped and neatly arranged kitchen. Katherine Ryan and Barbara Prames straighten the cupboards as they add supplies and display the preserves, which have been prepared by the students of the advanced cooking classes.

**ART . . .** The halls of Foreman feature many beautiful posters that have been painted by our art students. One of our outstanding artists is Rudy Dochtermann who is showing one of many works of art to Elaine Gabriel and Arlene Sidor.

**ENGLISH . . .** When English 7 students received instructions for their research themes they turned to the reference shelves in the library for their material. Donald Westphal, Elsie Mae Lucas, and Patricia Kaczmarek are concentrating on their effort to cover every phase in the field they have chosen to explore.

BELOW

**CIVICS . . .** The Presidential Election of November 4 created so much interest that civics classes held their own mock election. When the polls opened early on November 1, our juniors and seniors were seen marking their ballots as preparation for their duties as future voters of our United States.

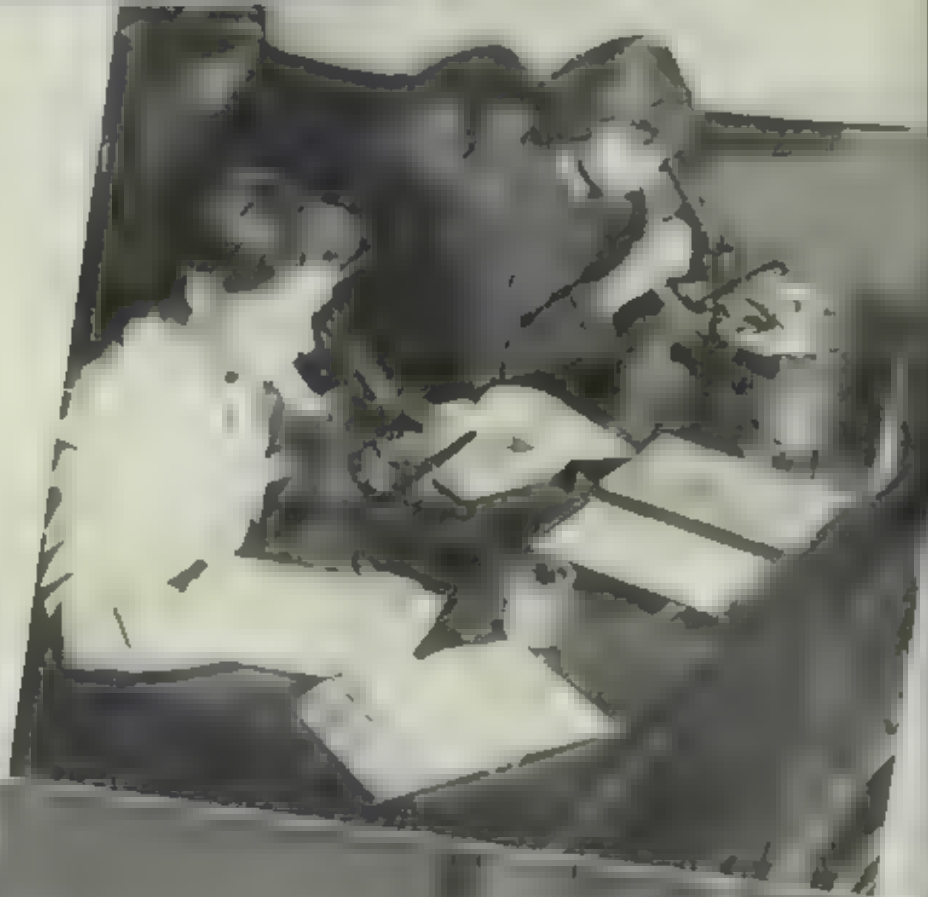

**INDUSTRIAL ARTS . . .** Boys in our woodshop learn the fundamentals of framing a building by doing actual work on a model garage. Here we see Robert Galas, Dennis Wooten, and James Tatuoles framing for a hip roof.

# EACH FORTY MINUTE PERIOD

## OPPOSITE PAGE

**MECHANICAL DRAWING . . .** Often the fundamental problems of engineering worked out in our freshman drawing classes have proven of sufficient stimulation to inspire our boys to continue their work for three or four years. Here are seen interested students hard at work to meet the demands of the class.

**BIOLOGY . . .** One of the main requirements in biology is to study living specimens through the microscope. Here James Descoumieux and Penny Jones are attentively studying the movements of a living paramecium. The chart in the background indicates the structure of this one-celled animal.

**LATIN . . .** Have you ever thought of the great influence Latin has on our daily living? Here we see Jack Atterbury, Anton Petran, and Mary Ann Manago examining a model of a Roman temple built in Nîmes, France. Posters and ancient lettering prove that Latin is anything but a "dead" language today.

**COMMERCIAL . . .** Typing from your own notes is fun. Jean Opal, Loretta Lachata, Diane Bouradages, and Bridget Dzieman prove this as they work diligently to improve their skills in the advanced steno class. Speed and accuracy are the results of continued practice and careful attention to the fine instruction which the students receive.

**SEWING . . .** Members of the sewing class demonstrate the various steps necessary to complete an article of clothing. Patricia Brundage and Gail Ghionzoli work at the table, as Mildred Demann at the ironing board and Sharon Kolder at the machine, busy themselves with other techniques of the modern seamstress.

**COMMERCIAL GEOGRAPHY . . .** The big, wonderful world we live in is becoming smaller every day as we learn all about the peoples of the earth. Commercial geography students Helen Mikul, Richard Spencer, Geraldine Richveis, Robert Murphy, and Lois Ward use map, globe, and book to study problems of the Far East.

**CONSERVATION OF ENERGY . . .** Barbara Malkowski is lifting Jan Hausen with the greatest of ease while Albin Berggren is trying to convince skeptical Geraldine Iannelli that despite the high mechanical advantage obtained by machines, the Principle of Conservation of Energy is not violated

**PRINT SHOP . . .** These boys setting type in a composing stick are members of a beginning class in hand composition. Our pupils progress at their own individual rates by setting exercises which they try to duplicate to the best of their ability. The more "jobs" they set, the more proficient they become in handling type

## THE PROBLEMS THAT CONCERN US

### OPPOSITE PAGE

**PHYSICS . . .** What do we have here? The answer is—Terry Webster raising Donald Westphal as she winds the rope on the pipe. Although Donald weighs 150 pounds, this experiment in the physics class shows that it takes just six ounces to lift him. In other words, one pound on the handle equals 500 pounds on the rope. Think what a giant Terry could handle if this device were hers

**ALGEBRA . . .** Simple algebraic problems must be learned, step by step, before the more difficult procedures are studied. Erwin Hoeft and Beverly Cler appreciate the value of neat and accurate blackboard work which demonstrates their mathematical skills to the rest of the class

**CHICAGO MOTOR CLUB TEST . . .** One of the four main tests given to senior students to determine their ability as drivers is the reaction test. Robert Dochtermann and Arlene Klinger help Barbara Mohl in her effort. Other tests administered by the Chicago Motor Club included hand-ear-eye coordination, field of vision, distance judgment and color vision

**BIOLOGY . . .** How tall will bean plants grow if they are planted in soil made from crushed rock, insects, and decayed wood and leaves? Leona Milewski, Daniel Lautenback, and Judith Barcal were surprised to find that a number of green beans actually grew two inches long in a six weeks' period

## THE BEGINNING OF THE DAY

A good start in life is everything. A good start each day means a lot too. At Foreman our early morning homeroom meetings give us just the right lift we need to go through the day in a happy and confident mood. When the business meeting is over, and our individual and group needs are cared for, there is often time for quiet conversation with our friends about the assembly program, the basketball game, or the history exam on the day's schedule. Whatever the meeting brings forth, it is always filled with a number of things of vital interest and importance to the student. With our homeroom activities to begin the day, we are ready for the work that lies ahead.

The following homeroom groups were photographed on our campus last September

The officers presented speeches on Award Night. They are Nancy Ostermeier, William Trecker, Eleanor Brinkman, David Bourdages, and Leona Zick.

**NATIONAL HONOR SOCIETY—JANUARY . . .** Because it carries with it tradition as well as honor, the National Honor Society has much meaning for seniors. Graduates who visit Foreman so often speak of gratitude for the faculty members who gave them the extra incentive which enabled them to obtain membership in this, the elite of all clubs. The climax of the semester was the Award Assembly during which honor students and other outstanding seniors presented a program of speeches and entertainment and received special recognition for their high achievements. Miss Cecilia Costello was in charge of all the activities of the group.

# A SEQUEL FOLLOWED IN JUNE

**NATIONAL HONOR SOCIETY—JUNE . . .** Reorganized in the spring semester by their sponsor, Miss Cecilia Costello, the National Honor Society accepted many new members to replace those who graduated in February. Immediately, plans were begun for future meetings, with emphasis on the Award Assembly and Tea for Parents on June 12. The group included many outstanding students with unusually high ratings in scholarship, citizenship and leadership.

Rosemary Manago was happy to have the help of Claudia Desner, Lois Herman, and Ray Harrison in planning the organization's activities.

Having received top scholastic honors, members look forward to their graduation.

**3B and 3A-4B HONOR CLUBS . . .** The 3B Travelers and the 3A-4B Excellors greatly enjoy their meetings, where most discussion centers on the requirements for entrance in the National Honor Society, the aim of all members. Although the gatherings are mostly social, there is time for an interchange of ideas concerning the ambitions and dreams of everyone. The sponsors of these clubs, Mrs. Lucile Sipchen and Miss Genevieve Flaherty, lend the necessary helping hand to set the pace for the advancement of the club.

# THE STRUGGLES THAT BRING SUCCESS

1A-2B and 2A HONOR CLUBS . . . As our name implies we, the Mountain Climbers, are constantly trying to climb the mountain of success to reach the almighty peak which, in reality, is the National Honor Society. The fifteen members of the 2A Honor Club, the Progressives, have the same goal in mind, to advance to something better. We hope always to go forward in life. The sponsors of the two groups, Miss Glory Bulawa and Miss Irene Hrons, enjoy meeting with the members in a desire to give them a good start towards success.

**PSYCHOLOGY CLUB . . .** The study of human behavior is fascinating, to say the least. Mrs. Ruth Hoppe's Psychology Club members have delved deeply into the subject to find the answers to their many problems. What makes the mind act as it does, and why are people so different from each other? Maybe soon they will learn some of the contributing factors to these mighty big questions

## WHAT IS YOUR SCHOLARSHIP, PLEASE?

It was fortunate for us that Mr. C. William Reiley, Director of Admissions of Northwestern University, was conferring with Foreman seniors on the day we were photographing our clubs.

With the results set at 0.01, our significance level, it was determined that the regression coefficients for the two independent variables were significant.

Discussions of interesting subjects are effective in helping to solve some of the problems of prospective college freshmen.

# STRICTLY FOR SERVICE TO ALL

**STUDENT COUNCIL . . .** The Student Council, always concerned with some worthwhile project, sponsors the activity pass which covers the expenses for all charities, the FOREMAN NEWS, and several activities. An innovation this year was the addition of square dancing to the socials which became so popular that one gymnasium was used for social dancing while the other resembled a mountain lodge where you "Swing your partner to the right-". Highlighting the activities of the year were the movie, "Sky High Wyoming", and Acrotheatre, which featured a well-known college group of tumblers, acrobats, and dancers. # JUST IN CASE YOU'RE HURT

**FIRST AID CLUB . . .** First Aid is serious business for these boys who want to learn the rules of safety in giving aid to the injured. They have been taught by their sponsor, Dr. Walter Guse, that it is often possible to avoid pain and greater injuries if certain information is known and proper procedures are practiced. The club serves a real need in the field of health education by training our young people to administer first aid treatment when it is beneficial and carefully given.

Dr. Guse's medical background is valuable in instructing these boys.

**YOUNG ARTISTS' CLUB** . . . Visitors to Foreman have remarked about the decorative paintings that adorn our corridors. Many of these works have been produced by members of the Young Artists' Club, a group of budding and ambitious young people who appreciate beauty and design. With the help of Miss Mary Kurlandsky, their sponsor, they have acquired skill in sketching live models chosen from their group.

Socially the students, led by Sharon Marshall and Joyce Eriksen, showed their artistic good taste when they produced a thing of beauty in the "Smorgasbord" which they served at the Christmas party.

**GEOGRAPHERS . . .** The anticipation of some day visiting the far-off lands makes each meeting of the Geographers a real pleasure. When Mrs. Agnes Anderson and members of the club tell about their travels to the unique and colorful sections of our country, then off we all want to go to explore the vast areas that are ours. Happy days of travel lie ahead for all of us.

**CONSUMERS' CLUB . . .** Mr. James Snodgrass' Consumers' Club members hope to become more intelligent consumers by their participation in this club. Meetings are spent studying products and the different advertising methods used to influence the public to buy the goods. Magazine articles and newspapers help to supplement the group discussions.

## A SOLUTION TO THEIR PROBLEMS

**MATH REVIEW CLUB . . .** The Math Review Club was organized to give students who are mathematically-minded an opportunity for advanced study and review. In preparation for entrance examinations, sample tests, administered by the sponsor, Miss Laura Kinderman, show students the types of problems they may encounter in college. These are checked during each meeting and form the basis for many lengthy discussions. The period provides for a valuable review of all phases of mathematics which our future engineers and scientists will need in preparation for their future vocations.

A difficult and tricky problem to solve is all that these students need to enjoy a lively and stimulating club session.

Miss Kinderman enjoys every minute she spends with Jean Opal, Ron and David Eisenstadt and Orville Sorenson.

Other stud and capable are George Ba-

**BIO-FAX CLUB . . .** Biology students, who are interested in games, quizzes, talks, and projects of a biological nature, enroll in the Bio-Fax Club which is sponsored by Mrs. Luella Voelz. Competition in the contests is keen as scores determine the semester winner. The planting of spring flowering bulbs in November brought splendid results, and many beautiful plants were exhibited by the group.

**CAREERS CLUB . . .** "What would you like to be when you grow up?" It might be easy to venture an answer at the age of five, but when you're fifteen the question requires some thought. To help young people think of themselves in terms of their chosen vocations, Mrs. Gertrude Smith has organized a program of talks and tests. Interest in the club often leads to membership in the careers classes and to more definite answers to vocational questions.

# THEY SPEAK ANOTHER LANGUAGE

**GERMAN CLUB** . . . "Neuzehn, zweundachtzig, drei—". The German Club is playing lotto and Erwin Hoeft calls for all to hear. The club sponsor, Miss Clara Lawin, and members are always busy, either planning an event or enjoying a social activity.

At Christmas time, the club was pleased to have the usual good turn-out for their annual tea. The "Weihnachtsmann" finally arrived too, with his usual good humor and gifts.

The fall picnic was unusually well attended as the weather man was in a very special mellow mood. The club closed the semester with a social meeting where there was a fine Gemuetlichkeit.

Miss Lawin likes to discuss the German Club party with Erwin Hoeft, Elaine Claus, Mildred Ericson, and Carol Pine.

**SPANISH CLUB . . .** How would you like to take a trip through Mexico? That is just what we in the Spanish Club have done. With the help of Miss Georgia Adamson, we have learned all about the country south of the border—the people, their customs and their well-known crafts. Sometimes a Spanish game or a song added interest to our colorful Mexican holiday.

**LATIN CLUB . . .** "Fun with Latin" is the aim of the Societas Latina which has the distinction of never having missed a single semester since it was organized in 1934. From that time on officers and special committees have shared the responsibility of planning the programs consisting of games, playlets, and contests. Mrs. Eva Hogle, the club sponsor, is proud of the success her club has always enjoyed.

**FANCYWORK CLUB . . .** Our grandmothers never sat idle, for there was always a piece of embroidery or quilt that was lying about, waiting to be completed. Today, the thirty-one girls of Miss Muriel MacKay's Fancywork Club are imitating their ancestors by stitching industriously during their leisure hours in an effort to create an article of lasting beauty. This year the very best that was produced was exhibited in the library during the week of February 23. The Sewing Circle was really a Koffee Klatch at Christmas time when members enjoyed refreshments as they worked.

*Row One*—Dorothy Ptak, Janet Collins, Faye Ness, Barbara Kalvig

**KNITTING CLUBS . . .** Many of our girls who decided to learn to knit joined the Beginners' Knitting Club sponsored by Miss Phyllis Larson. Casting on stitches and learning to knit and purl are some of the first steps that had to be learned. The Advanced Knitters, under the instruction of Miss Irene Timko, aspired to bigger and better things. Their ultimate goal was to proudly display their own creations in the form of socks, mittens, scarfs, and sweaters. To this end, needles clicked loudly and fingers moved quickly, as row after row was added to the article that was being produced.

# SOME TRICKS ARE UP THEIR SLEEVES

**CHECKER CLUBS . . .** Some boys and girls play the game just for the fun they get out of it and the satisfaction of outwitting their opponents. These checker players did just that. They played for the fun and challenge that was in each move they made. The Freshman Checker Club, sponsored by Miss Elizabeth O'Hearn, held a tournament, and the person with the best record received a gold cup in recognition of his skill. Mr. Henry Keating's 2B group kept score too but just to see who was the most alert at winning the game.

# THE BEST MOVE OF THEM ALL

**CHECKER CLUBS** Although the more advanced checker groups are smaller in number, members are by no means less enthusiastic about the game. Mrs. Florence Harte's 2A Checker Club always found the club period much too short, for they enjoyed the feeling of complete relaxation as they lost themselves in fast and tricky plays.

Members of the Junior and Senior Checker Club, which Miss Lucy Daniels sponsored, were too engrossed to even notice the bell. Their interest was always pitched so high that they kept right on playing until a gentle reminder from the teacher resulted in one last move to be on their way to their classes.

Although the group met only every two weeks, members learned to play skillfully and with a degree of finesse. They liked nothing better than a hard-fought game in which their wits were challenged every second. Only those boys with a real desire to concentrate and to take the game seriously understood the pace set by past groups. **YOUNG TRAVELERS' CLUB . . .** Meetings of the Young Travelers' Club have been varied and informative. Each gathering brought before the group a new and different region and added a wealth of information to each member's knowledge of places and people. The club is especially grateful to their sponsor Miss Margaret Kennedy, for making it possible for them to see films on the Grand Canyon, Bryce Canyon, Zion National Park, Aquatic Fun, and the Royal Wedding of the Duke and Duchess of Edinburgh. These lovely pictures were greatly appreciated by everyone.

THIS ONE IS FOR THE RECORD

**DISC JOCKEY CLUB . . .** Although Miss Ruth Meech's Disc Jockey Club is comparatively new, it is fast becoming a popular one. With entertainment as its objective, the informal gatherings tend to encourage a fellowship among the members as they meet in an atmosphere of relaxation that releases them from the exactness of studies. If we were to drop in during a meeting, we would see a group clustered around a phonograph, listening to the latest discs or just simply discussing records in general. In any case, we would be assured that all would be having a good time.

Listening to popular records can be enjoyable.

Some special activities have been enjoyed outside of school too. The Instrumentalists, accompanied by Mr. Grubbe, attended a television broadcast of the Chicago Symphony Chamber Orchestra. Mrs. Byrne's group took time out from helping to plan the Christmas Assembly music to see a performance of 'Call Me Madam.' Miss Jacob said her group "played just for the fun they got out of it." That, we agree, is good too.

It gave them satisfaction to solve their puzzles correctly and to add to their knowledge of words.

**CLICKING KEYS CLUB . . .** Mrs. Lillian Fagan and her Clicking Keys group were so proud of their new electric calculating and bookkeeping machines that they held a before-school open house for faculty members. As the girls demonstrated the new equipment and served doughnuts and coffee, the guests were fascinated by the workings of the mimeograph, mimeoscope, transcribing machines and special calculators.

# THE TIME TO TRAIN FOR TYPISTS

**TYPING QUEENS . . .** Thirty-five ambitious commercial students met every other week for the purpose of increasing their speed and to learn some of the procedures of office routine. The girls have as their goals for the future interesting positions in modern business offices where they will put to use all of the wonderful training and experience they have acquired at Foreman. Miss Blanche Cooney, their sponsor, has been most helpful in assisting them to prepare for their work in the world of business.

Even though television has invaded most homes, some people still find reading a good book in peace and quiet a favorite pastime. The club sponsor, Miss Maida Cohen, and the club members enjoy meeting and sharing the wealth of material found in the world of literature.

# THE PRINTER AND THE PRINTED PAGE

When we think of books, we also think of the printer who was responsible for their publication. The Library Assistants, trained by Miss Sophie Wolan and Mrs. Mary Harris, make it possible for our students to receive the very best in library service.

Mr. Gerald Hasterok's thirty-five young printers are trying to achieve the success of that great statesman, Ben Franklin, who loved to boast that his greatest accomplishment was being a good printer.

**THE PUBLIC ADDRESS CLUB . . .** The Public Address Club is a service organization with the primary purpose of giving boys an opportunity to operate electrical equipment. Sponsored by Mr. Robert Itnyre, the club functions at all school dances, assemblies, and night activities. We can really call this club a highly specialized group of well-trained technicians.

# ACCENT ON OPERATION

**THE PROJECTOR CLUB . . .** To see, to hear — how much more enjoyable are our studies when moving pictures are added to regular classroom instruction. Students responsible for a library of projectors used in the classroom, the club is organized in North Valley. Members of this service club which is sponsored by Mrs. Mae Jerome. To stimulate interest and to inform new members, meetings are devoted to questions, answers, and suggestions for improvement. At the end of the year, the group enjoys a social, at which letters are awarded to those who have served their forty hours. For learning cooperation, responsibility and the meaning of service, the Projector Club just can't be beat.

## TO PERFORM WAS ALL THEY ASKED

**ORCHESTRA . . .** Under the direction of their new instructor, Mr. Robert Grubbe, the band and orchestra have shown considerable progress. Members are really interested in having a fine musical organization and practice diligently towards that goal. The results have been outstandingly good, for beautiful effects and tonal qualities have been achieved. The students are so enthusiastic about sharing their talents that they accept every invitation to participate in an activity. Thus we have heard them play at many performances—the Freshman Orientation Assembly, the ROTC Award Assembly, the Crime Prevention Assembly, and the Spring Festival.

## IT'S THE MAGIC OF THEIR MUSIC

The G. V. A. Choir, under the direction of Mrs. America Byrne, gives students the opportunity to appreciate the many talents of its members. Original in their presentation and carefully in their selection, the selections are always beautifully sung and well received by everyone.

During the past year, the group participated in many activities, which included the Open House, American Legion Assembly, and the Christmas program. On May 26, the music groups collaborated to present the Spring Music Festival. An added attraction was the crowning of the G. V. A. Queen during the performance.

# THEY SING WITH GLEE

**GIRLS' GLEE CLUB . . .** A new group at Foreman, the Girls' Glee Club, has been an added attraction to our many musical activities. **BOOSTER CLUB . . .** When Mr. John Rush announced the organization of the Booster Club so many students flocked to enroll that he was forced to limit the membership. After cutting it down to sixty-eight members, the club was still so large that it had to use the bleachers in the boys' gym for meetings. Active, alert, and anxious to participate are these Boosters who live up to their name when they sell tickets, lead cheers, or build school spirit in many ways. The increased support of the athletic teams during the past year has been largely the result of Mr. Rush's Booster Club.

# THEY FOLLOWED THE RULES TO THE LETTER

**LETTERMEN'S CLUB . . .** The Lettermen's Club, under the direction of Coach John Malo, contributes much to the general welfare of the school, for its standards are high and its accomplishments many. To be a member of an athletic team, and therefore to have the necessary qualifications for earning a letter, students must maintain at least an average scholarship rating. This keeps the boys on their toes, as far as their classes are concerned. In June twenty members will graduate, but even with these losses the club will continue to be a successful organization of the best all-round athletes at Foreman.

Coach John Malo has the club members meet every Friday evening at the Foreman High School. Don West and Donald Schiffrath, among the club members.

After four years of teamwork and diligent practice, the January graduating Lettermen talk over their accomplishments with President Donald Schiffrath. Standing—Kent Arnold, Eugene Leja, James Taylor, Thomas Nielser. Sitting—William Zinck, Michael Salach, Robert Rose.

**FOREMAN NEWS . . .** Typewriter keys hurriedly click all the up-to-the-minute news of the sports world, social life, and student gossip before the deadline day arrives. The staff of the Foreman News, under the direction of Miss Virginia Cavoit, likes nothing better than to scurry around the school, seeking new information for articles and new ideas for presenting them in the newspaper. Having a nose for news, staff members thoroughly enjoy their work and benefit by their experience in reporting, editing, and carrying through to completion every issue so that they feel a real satisfaction in seeing their finished jobs well done.

**THE CHRISTMAS SALE . . .** Parents, teachers, and students took advantage of advanced advertising to be the first customers at the P.T.A. Christmas Sale. Delicious home-made cakes and cookies as well as hand-made small articles, were purchased almost as soon as they went on sale. The event was so successful that it was repeated on St. Valentine's Day.

**P.T.A. . . .** Another year of high achievement can be recorded for the P.T.A. of Foreman. This has been an active and alert organization whose members were continuously planning and participating in many important events. Parents always had in mind the main purpose of the group which is to develop between educators and the general public a united effort to secure for every child the highest advantages in physical, mental, social, and spiritual education.

# JUST FOR THE PLEASURE OF REMEMBERING

**FOREMANUAL . . .** The June editorial staff experienced that rare thrill that comes only when the completed work is all that one could ask for. Members were Elaine Mohr, Benadetta Gotto, Mary Norton, Russell Bergner, Lois Schott and Lois Herman

Mary Norton, our Editor-in-Chief, was a very busy girl during the past year. Believing that high school days are happy ones and so full of many good things she had the desire to enclose these lasting memories in a beautiful book as a permanent record. The result is our 1953 FOREMANUAL.

The June business staff, consisting of Marcia Majewski, Ronald Donatelli, Barbara Fischer, Donald Westphal, and Carol Cukla, collected all senior money and successfully practiced their sales promotion ability on the underclassmen.

Working hard and fast to complete their assignments before their graduation were these members of the January staff. Lilo Borchard, Nancy Ostermeier, George Bachar, Jeanette Kozlowski, and Carole Kellner crowded collections, photograph schedules, write-ups, and typing into their yearbook period.

## WHEN IT'S TIME TO SAY GOOD-BYE

**FOREMANUAL . . .** Selling the FOREMANUAL was the major yearbook project for the fall semester. To sell the annual to the underclassmen, division representatives were given full responsibility to see that all work was completed by the deadline date. Because our representatives were unusually successful and our sales increased we were able to add pages and pictures to our 1953 edition. We have only praise and gratitude for these conscientious FOREMANUAL workers who were under the supervision of the FOREMANUAL sponsor, Miss Veda Stern.

At the end of the evening, the guests were escorted to the car which took them home.

## GREETINGS, VERY SINCERELY

**TEA FOR FRESHMAN PARENTS . . .** It is only natural that parents should be interested in where—and how—and with whom—their children will spend their high school days. To answer these questions they were invited to a assembly and tea which was given by the faculty on October 21. The information they received in an atmosphere of friendly cooperation was invaluable to them in understanding the school life their children had just entered.

## COME TO SOCIAL CENTER

The Faculty Social Center Planning Committee was responsible for successful Friday Evening Social Center at Foreman. Here we see Mr. Harry P. McHale, chairman, discussing plans with Miss Evelyn Wendelt, Mr. Robert H. Hove, Mrs. Mary Lee Bertram, Miss Genevieve L. Harty, Mr. Jack McElroy, and Miss Lynn Stuck.

The most colorful dances were in honor of the J.O. L.C. Christmas and St. Patrick's Day. It was good to see so many young people having such a good time in the companionship of their friends.

# AS WE SAW THEM PLAY THE GAME

The new "equalizer" in the city's Public League, the placing of equal ability together, meant a turn of fortune for the FIGHTING HORNETS of 1952. The Blue Section in which our team was entered provided inspiring competition which we met with several trick plays and rough and tough football. Victories over Lake View, Waller, and Sullivan earned us the position of third place in the section.

Special merit should be given to Don Lukaszewski, Michael Salach, James Taylor, Robert Smikowski, and Edmund Harasimowicz for outstanding ability on the football field. Eugene Leja was held in very high esteem by his fellow teammates who voted him the "Most Valuable Player" of the year.

# FOR THEIR SPIRIT IS SO HIGH

At the opening of the practice session, Coach Malo had twenty-three boys out for the varsity team but then a few more and other players who were not on the team for the season. In February, the loss of Bill Zinck and Don Schalfrath was felt very much. We lost a lot of points in the game but never felt about it in our home courts. At the Illinois Tech Tournament, for the first time, we won all games from our neighborhood rivals.

The league ended with a record of seven wins and three losses and a berth in the city playoffs. The latter resulted in our defeat in the first game by the favorite, Chicago Vocational. Because of the graduation of George Delvigna, Don Lukaszewski, Don Westphal, and Tom Ilkiewicz, a rebuilding job will be necessary next year. The Hornets and Coach Malo hope to attract some promising new material for future successes.

# THE PRACTICE THAT MADE THEM PERFECT

## TIME WILL TELL

Dennis Wooten demonstrates the correct form of diving in Mr. Malo's fifth period swimming class. The boys, eager to learn, watch closely.

## KEEP IT UP, BOYS

In these two pictures we see the boys going through the elementary steps of learning to swim. The edge of the pool is a very important position so necessary for kicking and later for perfecting the various strokes the boys will learn.

Many novices come to class well-schooled in the art of swimming—but their own way. Coach John Malo, by first teaching the fundamentals and then advancing slowly, has the satisfaction of seeing many boys who were in the beginning afraid of the water become expert swimmers by the end of the semester. This only proves that practice does make us perfect. Swimming instructors John Rush and Jack Maloff also attest to this adage.

# FOR A REAL SPRING TONIC

Daily indoor practice for the team began on March 16 and was taken out doors just as soon as weather permitted. The boys, often seen practicing on the school campus and at Chopin Park, showed much promise. With the return of last year's All-West-Section second baseman, George DelVigna, and seven other veterans, the season's outlook was the best in many years. Coach John Mido's hopes for a high record of wins was well founded.

# TRAINED TO CARRY OUT ORDERS

**RESERVE OFFICERS' TRAINING CORPS . . .** A success story of our ROTC unit could be told again this year. Instruction, drills, marching, and participation in many school and community activities kept the cadets busy. Highlighting the events of the year's work were the Award Assembly on January 13 and the annual Federal Inspection on May 27. The Foreman unit, under the direction of M Sgt Carl Purdy, continued to be tops in cooperation, dependability, and achievement.

The Fancy Drill Team received many compliments every time the group performed before an audience.

Members of the team are Rowell Bergner, William Trecka, Robert Murphy, William Jacobson, Bruno R. Jho, James Biedl, Frank VanSanten, Robert Cosman, Thomas Anderson, Philip LaSalle.

Military instructors enjoyed meeting with the cadet staff. Here we see SFC Walter Jones, M Sgt Purdy, Russell Bergner, Thomas Anderson, William Trecka, Richard Flexman, and William Heyden.

The bulletin board was important in keeping cadets posted in all ROTC activities. Frank VanSanten put an item of interest to Russell Bergner and William Heyden.

Small unit tactics are best demonstrated on the field. SFC Jones talks to Kenneth Gander, M Sgt Carl Purdy, and George Lee.

**G.A.A.** The Board of Control, which is made up of twenty-five girls and Miss Louise Peters, the sponsor, plans the activities of the Girls' Athletic Association. The enrollment campaign and the athletic events are carried out by the room representatives. Our Lettergirls are an important part of the G.A.A. They are the girls who are the most active in sports and whose scholastic averages have merited them an award.

## Opposite Page

The fourth period recreational games class was an addition to our physical education program last year. We see our girls playing shuffleboard and forming pyramids. Also pictured are the girls that make up the G.A.A. Bowling Team. They bowled each week to improve their form and skill. The climax to their activities was the Bowling Banquet held on June 3 when awards were presented to the top scorers.

## THE SWIMMERS AND THEIR STORY

There is nothing as graceful as a well-executed dive, performed by one of our star swimmers. Here we see Geraldine Sterner showing the girls in her class how it's done.

*Back Row:* Katherine Ryan, Helen McKul, Beverly Bove, Katherine Skurha and Virginia Dolly.

*Front Row:* Patricia Devillez, Barbara Fischer, Roberta Fischer, Yolanda Nardi, Joyce Goshkewich, Mary Whittle, Charlene Zapfel, Carolyn L...

Enthusiastic G.A.A. Board of Control members, Barbara Fischer, Roberta Fischer, and Lorraine Kaczmarek, are interested in the scrapbook which tells the story of the G.A.A. of former days.

Ready to plunge are Charlene Zapfel, Beverly Bove, Carol Sachtleben, Virginia Dolly, Barbara Fischer, and Roberta Fischer.

A refreshing swim in the pool is the reward for every girl enrolled in a gym class at Foreman. The opportunity to learn to swim, to attain skill and speed in performance, and to achieve success in the art of diving, is found in the expert swimming instruction which our girls receive from Miss Veronica Lagorio, Head of the Girls Physical Education Department, Miss Louise Peters, and Miss Evelyn Wandelt. All agree that swimming is fun for all.

## THE WAY TO SAY GOOD-BYE

The Furniture Mart was the scene of gay festivities on January 27, when ninety guests enjoyed the Farewell Luncheon of the January graduating class. Delicious food, an entertaining program, and a delightful social hour made this last festive gathering an occasion that will long be remembered. Mrs. Agnes Anderson and her committee consisting of Beverly Bove, chairman, Raymond Booe, Virginia Duffy, Doris Carlson, Barbara Jones and Robert Dale realized their fondest hopes to plan what every one believed was the "perfect Class Day luncheon." Faculty guests who attended besides Mrs. Anderson were Miss Stack, Mr. McHale, Mr. Sollo, Mrs. Voelz, Mrs. Fagan, and Miss Kinderman

# MEMORIES MARK THE YEARS

**THE NIGHT THEY SANG THEIR SONGS . . .** One of the many pleasant moments of the much anticipated event, the January Senior Night, was a vocal number by Gerry Sterner, Carolyn Mueller, Beverly Bove, Charlene Zapfel, and Carolyn Peterson.

**THIS IS IT, COACH . . .** It was, indeed, a sad moment for Coach Malo when his two stalwart team members, Bill Zinck and Don Schallrath, turned in their basketball equipment for the last time.

**YOU'RE ALWAYS WELCOME, PETER . . .** An alumnus and good friend of Foreman, Peter Storm, often returns during his vacation from college to watch our boys play basketball. We caught Pete smiling at one of our major league games, which, of course we won.

**THE LAST TIME TO PERFORM . . .** This scene from Senior Night looks rather puzzling. Our actors, in dress rehearsal, are presenting a take-off of a well-known television program. The students are Phyllis Brinkman, Carl Franklin, Carol Oshinski, Tom Nielsen, Larry Lau, Elaine Borski, Michael Salach, Richard Flexman and Gerry Sterner.

# THE CLASS OF JUNE, 1953

**CLASS OFFICERS . . .** Methods of conducting homeroom meetings are being discussed by Mr. Leonard Sollo and the senior class officers—Lois Herman, Russell Notar, Rosemary Manago, and Carol Cukla.

**CLASS DAY COMMITTEE . . .** The senior class enjoyed a most pleasant Class Day Lunch on June 23 at the Edgewater Beach Hotel. Mrs. Eva Hogle and Mrs. Gertrude Smith, faculty sponsors, were assisted by Rosemary Manago, Richard Kuna, Andrew Giglio, Joan Yurkowski, and Marion Allds.

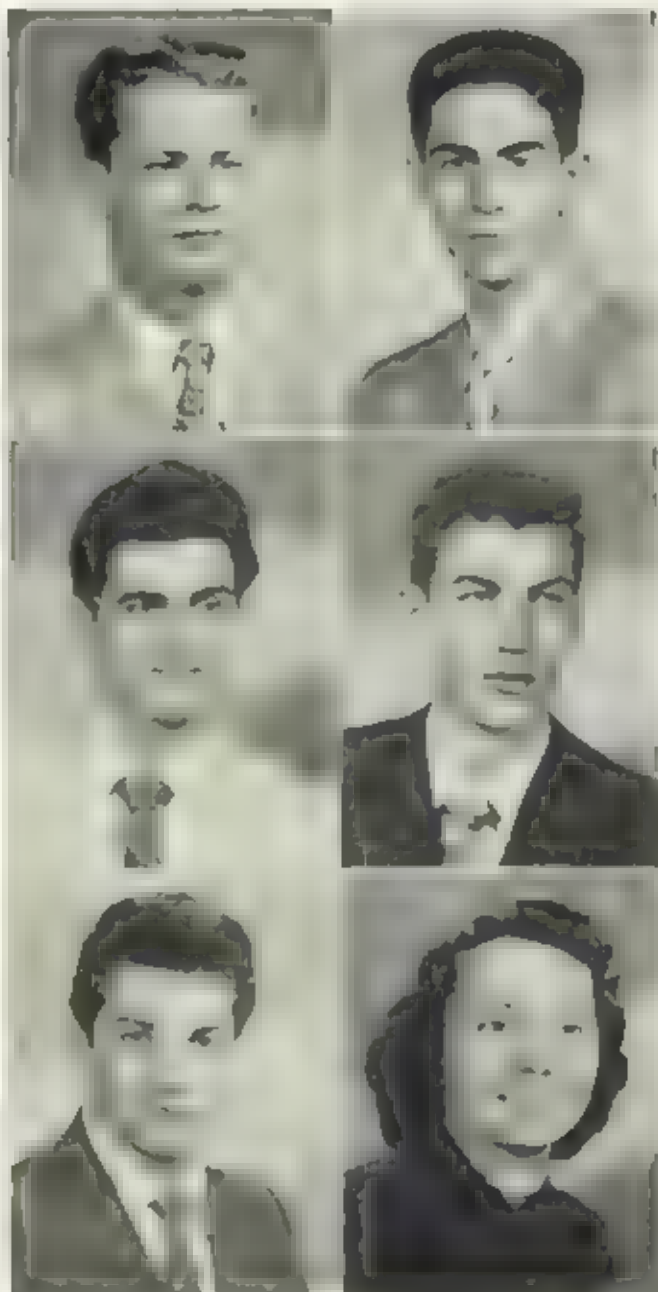

**GRADUATION COMMITTEE . . .** The graduation committee, consisting of Patricia Earnshaw, Elsie Mae Lucas, Russell Bergner, Judy DiCola, and Patricia Cutrona, made arrangements for commencement which was held on June 25.

**FINANCE COMMITTEE . . .** Members of the finance committee who helped Miss Cecilia Costello collect senior class dues were Carol Cukla, Katherine Sweeney, Dolores Janoski, Carol Sachtleben, and Patricia Moon.

**SENIOR PROM COMMITTEE . . .** The senior prom, "Dancing in the Dark", was planned by Lorraine Kaczmarek, Patricia DeVillez, Beverly Prebe, Thomas Higgins, Russell Notar, and Donald Eavin. It was held on June 5 at the Michigan Stores Country Club and was sponsored by Mr. Leonard Sollo.

## 1015 MARK WOODHOLM ST.

Summary: *Chrysomelids of the subfamily Chrysomelinae* (Coleoptera: Chrysomelidae) are the most diverse and abundant group of beetles in the world. They are found in all parts of the world, and are particularly common in the tropics. They are known for their ability to feed on a wide variety of plants, and are often considered as pests of agriculture. This book provides a comprehensive overview of the biology, ecology, and systematics of chrysomelids, and is a valuable resource for researchers and students alike.

## TIMELY TUNES AND TOPICS

### IT'S FUN AT FOREMAN

Do we have fun at Foreman? Yes, we do. Colorful dances, such as the G.A.A.'s St. Patrick's Day Prance, are proof enough that dancing during school hours is an enjoyable experience. Couples George Delvigna and Mary Kohler, Edward Dick and Betty Olson, and Lois Herman and Ray Harrison step lively to the rhythm of Foreman's own music-makers.

### A PAUSE FOR REFRESHMENTS . . .

It's time out for refreshments as some of our dancers partake of cool drinks. Here are Jenny Belmonte, Jerry Aske, Patricia Earnshaw, Marion Alda, Patricia Moore, Geraldine Haubel, Sue Johnson, and Patricia Matras being served by our efficient counter girl, our friend Marjorie Lundgoot.

### THEY TELL THEM ALL

An innovation in the orientation of freshman students this year was the Freshman Panel consisting of senior students who were outstanding in various activities. Here we see Lois Herman, Russell Notar, Carol Sachtleben and George Delvigna concentrating on the publications portion of the program given by Mary Norton, editor-in-chief of the 1953 FOREMAN UAI.

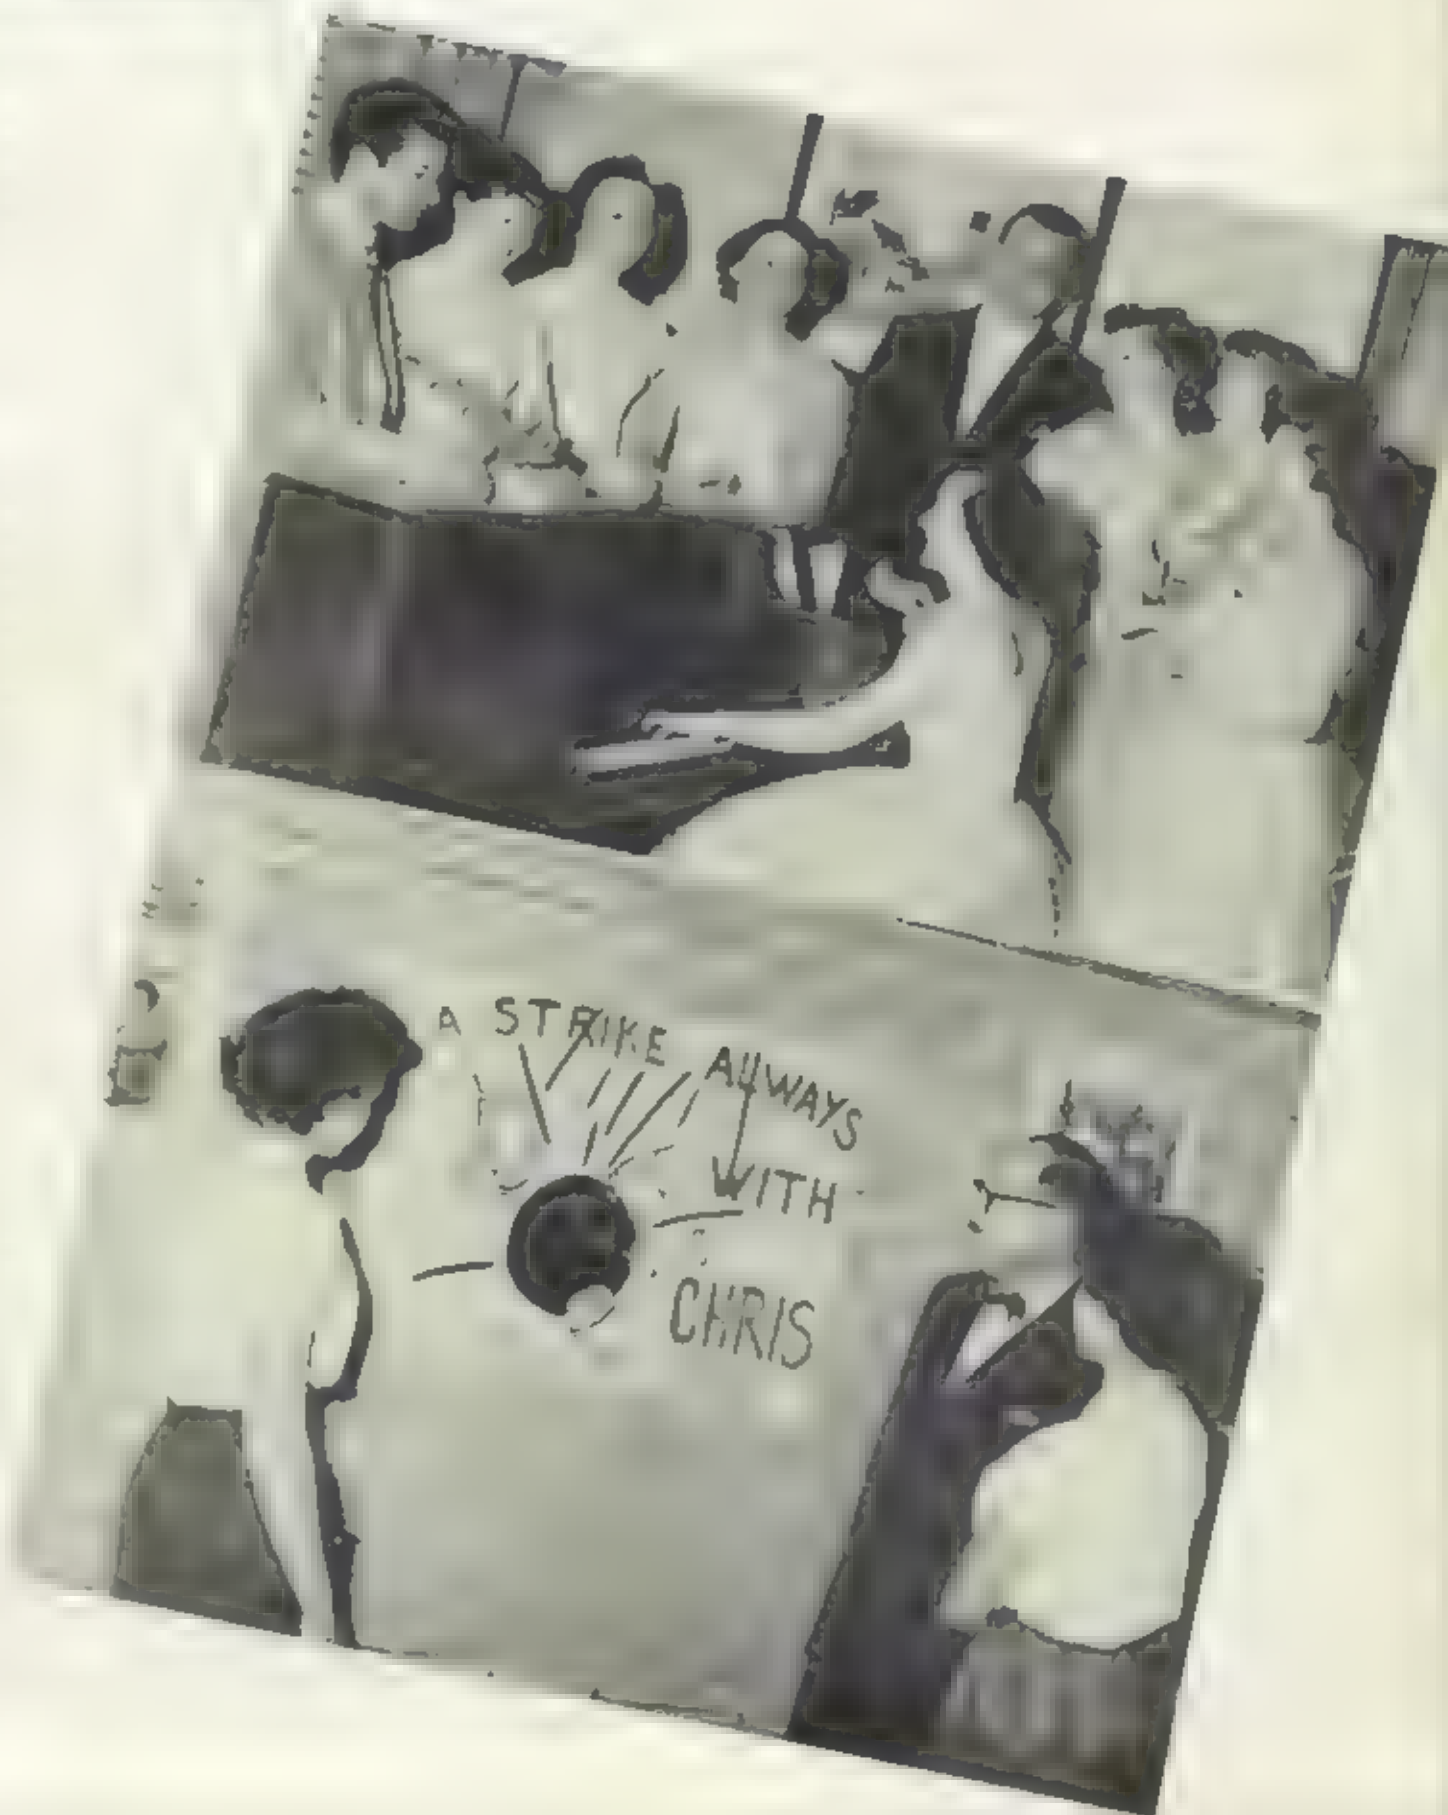

THE PLAQUE  
— THE PLAY  
— THE POSTER

**THE PROBLEM OF PRODUCTION**—This is a commendable effort for two sections. Mr. John Johnson of Western Electric Company is well known in the book and general trade literature as they credit to their plaques for work in the Junior Achievement Organization.

**CAN THIS BE SPRING?** This school's rehearsal for the annual Spring Music Festival June 10 features our competent accompanist playing popular tunes for Cosma Carlsson, Carol Eck, Deborah Kuebler, Janet Walker, William H. Johnson, Walter Marvin Lutzmer, and Genevieve Carlson.

## MATCHING WITS TO WIN

Senior elections are always highlighted by interesting and colorful posters boasting of the merits of each candidate. Mr. Sollo comments on one of the campaign's most striking displays to Christine Malek and Gail Ghunzol.
